

FITA08

International Forum for Animation Technologies

10^{ème} édition – 3-6 décembre 2008

Cité Internationale de la Bande Dessinée et de l'Image (Angoulême)

4 days of lectures, case studies, masterclasses and projections devoted to Digital Images -
Celebrating 10 years of FITA

Meet with the most innovative creators of ground-breaking technologies and broaden their understanding of these technologies by engaging with their creators in a series of complementary workshops. **Understand in more depth the economic challenges** of a world where traditional business models are collapsing and discover viable alternatives.

Participate in Masterclasses and Workshops, and get free training with international specialists like Bill Plympton.

And celebrate 10 years of FITA: evenings, cocktails, surprise !

FITA08

10th edition – December 3 to 6 2008

Cité Internationale de la Bande Dessinée et de l'Image (Angoulême)

4 days with lectures, workshops, masterclasses and screening devoted to Digital Images.

FITA will celebrate its 10th anniversary from December 3 to 6, 2008, and will be offering animation professionals high-level content as befits the celebration
